- **S.H.A.R.K.** presented at 16th TSG3 Meeting 22 March 2022, online (Minutes, Conclusion n.12)
- **EMAAIR** presented at 16th TSG3 Meeting 22 March 2022, online (Minutes, Conclusion n.12)

Only 6 out of 10 countries sent us their comments. Thus in order to complete evaluation we calculated the average score of evaluations in order to receive the final score, as seen in the table below.

Country /project	SHARK	EMAAIR
Slovenia	98	98
Serbia	98	98
Italy	31	51
Bosnia	98	98
Montenegro	98	98
North Macedonia	98	98
AVARAGE SCORE	86,83	90,17

The threshold for successful Annex 1 is 75 points.

NOTE: The evaluators noted that project proposal should be developed as one singular projects as there are a lot of similiarities. Based on this coment **a singular ANNEX 2 is to be submitted for further development**, combining both project proposals.

Thank you for your attention!
